APOLOGETICS AND SYSTEMATIC THEOLOGY PRESENTATION By Tyler Journeaux, bachelor's degree
(honours theological studies, major philosophy) from Concordia University. Master's degree: in
Philosophical Theology from the University of Oxford.

Have you ever wondered what good reasons there are to believe that God exists? Have you wondered
how to understand the relationship between science and the Catholic faith, or how faith and reason are
supposed to interlock with each other? What do Catholics believe about the Eucharist, or the Papacy, or
the theory of evolution, or how we can have free will if God predestines us? If these sorts of questions
interest you then I'd like to extend you an invitation to join us on Wednesday evenings (every second
Wednesday) starting April 24th, from 7pm-10pm, at St. Thomas Aquinas Parish in Hudson, where we will
be working through these and many other topics in a crash course in apologetics and systematic
theology. All are welcome.

Dates: May 22, June 5 and 19, July 3, 17 and 31; August 14 and 28, September 11 and
25, October 9 and 23.

ÉVÉNEMENTS À VENIR / COMING EVENTS
